Made your phase this hand? Write its number in the phase box and cross it off up top. Missed it? Leave it blank and try again.

The 10 phases, in order

- ☐ 1. 2 sets of 3
- ☐ 2. 1 set of 3 + 1 run of 4
- ☐ 3. 1 set of 4 + 1 run of 4
- ☐ 4. 1 run of 7
- ☐ 5. 1 run of 8
- ☐ 6. 1 run of 9
- ☐ 7. 2 sets of 4
- ☐ 8. 7 cards of 1 color
- ☐ 9. 1 set of 5 + 1 set of 2
- ☐ 10. 1 set of 5 + 1 set of 3

Set: 2 or more of one number, any colors.

Run: 4 or more in a row, any colors.

How to score a hand

- ① Go out first and you score 0 for the hand.
- ② Everyone else counts the cards still in hand: 1 to 9 = 5 points, 10 to 12 = 10, Skip = 15, Wild = 25. Cards you laid down don't count.
- ③ Laid your phase down? You move to the next phase, even if someone else went out. Only one phase per hand.
- ④ Wilds can fill any spot, but each phase needs at least one number card. Skips can't be used in a phase.
- ⑤ First to finish Phase 10 wins. If two or more finish it in the same hand, lowest total wins. Still tied? They replay Phase 10, first to go out wins.

Example: stuck with a 3, a 7, an 11 and a Wild: 5 + 5 + 10 + 25 = 45.
